Skiing	<p>Anything with popsicle sticks or pretzels stuck into the top like two skis sticking out of snow</p> <p>Pretzel Rods</p> <p>White frosted cupcakes with trees or mountain on top</p>	<p>Choose two people for this game. Give them each a box of winter gear or ski gear if available (gloves, hat, snow pants, boots, coat, scarf) Have the players choose one to be the skier and one to be the dresser. The players will have 60 seconds to get all the ski gear on the skier. If they can successfully get the skier ready for the slopes before time runs out, they win!</p> <p>Choose one player for this game. The object of the game is to send six marbles or other small objects racing down the yardstick, held and aimed by the player, into a bucket at the bottom of the yardstick. The player should stand just far enough from the bucket that the yardstick will still reach the edge. If the player can roll six marbles down the yardstick into the bucket before time runs out, they win!</p>
Biathlon	<p>Anything with popsicle sticks or pretzels stuck into the top like two skis sticking out of snow</p> <p>Pretzel Rods</p> <p>White frosted cake or cupcakes with trees or mountain on top</p>	<p>Just like the Biathlon event, this is a two-part game that players must finish both parts to win.</p> <p>Have players race around the outside of your house and then arrive at a nerf gun shooting range.</p> <p>Set up a bucket of mini marshmallows on one side of a table along with a plastic straw. On the other side of the table, use washi tape or painter's tape to tape a "finish line," about six inches from the end of the table.</p> <p>About six feet from the end of the table with the tape, set up another box or bucket with a pretty wide opening (a smaller opening will work, it'll just make this game a lot harder).</p> <p>To play, players must use their straw to suck up a mini marshmallow and place it on the table. They then have to blow the marshmallow all the way across the taped line on the other side of the table and get it to land between the tape and the end of the table. They can do either big blows or just small little blows and move along with the</p>

		<p>marshmallow, whatever works best for them. Once they've gotten the marshmallow across the line (and still on the table), they must suck up the marshmallow again and shoot it from the end of the table and try to get it to land in the bucket six feet away. If they miss, they must start over and keep going through the two-part process until they make one in the bucket.</p> <p>Alternately, you could just have them go through the process five times and for any they make in the bucket, they could get five seconds taken off their time.</p>
Bobsleigh	Twinkies, granola bars,	<p>Mark off a "bobsled" course in your room for this game, using cones or other markers. Choose one player and have them stand at the starting line with a sled or item that can be pulled around the course. Set four balloons in the sled. To win this game, the player must race through the bobsled course successfully without losing any of the balloons. If a balloon falls out, they must stop and put it back in before resuming the course. If the player completes the course in 60 seconds or less, they win a prize.</p> <p>Cut an empty wrapping paper tube in half lengthwise. This will make for 2 long bobsled tracks. Elevate the starting end of the race track to create a slope. Place toy cars at top of track and race to see which car arrives at the bottom of the track first, or which car goes the farthest before stopping.</p> <p><a href="https://makeandtakes.com/who-will-win-the-downhill-bobsled-race">https://makeandtakes.com/who-will-win-the-downhill-bobsled-race</a></p>
Cross Country Skiing	Long Pretzel rods as skis or poles dipped in white chocolate	<p>Cover a table in maps or a map tablecloth or put down a paper tablecloth and draw your own world map. On one side of the table, place a package of Oreos and have the first player stand on the end of the table. To play, players must slide the Oreos from the end of the table across the map and get them to land in each of the continents. The Oreo must stop inside the continent to count, anything on the line will have to be "skied" again.</p>

		<p>First player to successfully get one Oreo in each of the continents wins. If you're playing with multiple teams at once, use Oreos with different fillings.</p>
Curling	<p>Ice cream, Popsicles</p> <p>Anything frosted in red or blue</p> <p>Any ring candy in blue or red</p> <p>Blue or red skittles or m&amp;ms with pretzels as brooms</p>	<p>Draw or mark a target circle at the end of a long table. Choose one player. The player will stand at the opposite end of the table from the target and slide ice cubes across the table toward the target. They must get three ice cubes to stop in the target area in 60 seconds or less to win a prize.</p> <p>Table Top Curling:  <a href="https://www.cbc.ca/parents/play/view/cool_game_for_kids_table-top_curling">https://www.cbc.ca/parents/play/view/cool_game_for_kids_table-top_curling</a>          Bath Tub Curling- Game <a href="https://alphamom.com/family-fun/crafts/winter-olympics-craft-ice-cube-curling-in-your-bath/">https://alphamom.com/family-fun/crafts/winter-olympics-craft-ice-cube-curling-in-your-bath/</a></p> <p>Tape a square or a rectangle on one side of a room. On the other side, place a bucket full of cheap plastic bracelets (or use leftover Oreos from the cross-country skiing game above).</p> <p>To play, players must sit on one side of the room and slide the bracelets to the other side of the room, trying to get them to land on the edges of the box. If they land outside of the box or inside of the box, they don't count.</p> <p>First player to land a bracelet on all four sides of the square wins.</p>
Figure Skating	<p>Hot Chocolate Bar</p> <p>Any frozen treat</p> <p>Anything White, silver, or blue</p>	<p>Make enough square ice cubes for each player to have 5-10. You have one minute to stack as many ice cubes as you can. The ice cubes must stay for at least three seconds to be considered. The player who stacks the most, wins!</p> <p>Have a gliding or turning competition. Have each competitor wear socks on a wood or laminate floor surface. See who can do the most consecutive turns or the longest glide on one foot. To create a smoother glide, wrap wax paper or parchment paper around participants feet and</p>

	<p>Cake or cupcakes frosted light blue as an ice rink</p>	<p>secure using ties or bands around ankles. This will slide on carpet as well as slick surfaces.</p> <p>Choose one player. Have the player show off their best spins and figure skating moves by spinning and unwinding an entire roll of toilet paper in 60 seconds or less. They must unspool all the toilet paper before time runs out to win.</p>
Ice Hockey	<p>oreos or ding dongs as hockey pucks</p>	<p>Set up a goal on one side of a table using an empty tissue box that has the middle flap ripped out. Either tape the box to the table or weight it down with something so it won't move. If you don't have a tissue box, you could use something else but make sure it's relatively small so it's not too easy.</p> <p>Give each player a chopstick and a cup full of ice cubes and have them stand at the table opposite the tissue box goal. To play, players must put the chopstick in their mouth and use the chopstick (still in their mouth) to get a piece of ice from one side of the table into the goal at the other end.</p> <p>First player to score a goal with their ice cube wins.</p>
Luge	<p>Hot dogs in a bun</p> <p>Maple bar donuts- can add sprinkles down center</p> <p>Zucchini or banana boats</p>	<p>Using a blanket or sleeping bag, ride down your stairs like a luge track. Time participants and see who can go the fastest.</p> <p>Create a luge track using an outdoor drainage pipe from the hardware store cut in half, take turns racing objects down the luge track. You can freeze small characters or toys into ice cubes and send them down the track as well.</p> <p><a href="https://www.learningresources.com/blog/diy-ice-luge">https://www.learningresources.com/blog/diy-ice-luge</a></p> <p>Cut a pool noodle in half lengthwise and tape each piece side by side each other to make a luge racetrack. Place the starting line end of the noodle at the edge of an end table or coffee table to provide a slope and place the finish line inside the shoebox to catch the marbles.</p>

		<p><a href="https://www.homespun-threads.com/craft-fair/marble-racetrack">https://www.homespun-threads.com/craft-fair/marble-racetrack</a></p>
Speed Skating	<p>Hot Chocolate Bar</p> <p>Any frozen treat</p> <p>Anything White, silver, or blue</p> <p>Cake or cupcakes frosted light blue as an ice rink</p>	<p>Place plastic cones or other identified objects in a circle around a room and give each player two kitchen towels.</p> <p>To play, players must start at one end of the circle and using the kitchen towels, skate around the plastic cone circle, going in between each and every plastic cone.</p> <p>First player to get around the circle skating wins. If they miss any of the cones, they have to go back and go through the cone they missed.</p> <p>Line up three cups on one edge of a table. Set some ice cubes on the opposite end. Choose one player. The player must slide ice cubes across the table at high speed in an attempt to knock the three cups off the table. If they can knock off all three cups in 60 seconds or less, they win.</p>
Skeleton	<p>Crackers with cheese or rectangular cookies with frosting on top</p> <p>Flat veggie slice with avocado or dip on top (like body) with olive for head</p>	<p>Create a paper skeleton cut into pieces and spread it out on the ground around a large room.</p> <p><a href="https://www.thecraftycrow.net/2011/06/a-book-a-craft-funnybones-paper-skeleton.html">https://www.thecraftycrow.net/2011/06/a-book-a-craft-funnybones-paper-skeleton.html</a></p> <p><a href="https://www.scholastic.com/content/dam/teachers/blogs/genia-connell/migrated-files/mr._skeleton.pdf">https://www.scholastic.com/content/dam/teachers/blogs/genia-connell/migrated-files/mr._skeleton.pdf</a></p> <p>To play, players must lay on their stomachs on a large bath towel and slide around on the ground to collect the pieces of the skeleton around the room. Once they've collected all pieces of the skeleton, they can get off their towel and stand up to put their skeleton together on the ground.</p> <p>First player to successfully gather all pieces of their skeleton and put it together wins.</p>

<p>Ski Jumping</p>	<p>Anything with popsicle sticks or pretzels stuck into the top like two skis sticking out of snow Pretzel Rods  White frosted cupcakes with trees or mountain on top</p>	<p>Place a bucket or box on one side of a table and place a bucket of ping pong balls on the other side of the table. In the middle, create a small ramp using a box + piece of poster board or whatever else you have at home that will allow you to create a ski ramp. Make sure it is stable though so when people are rolling ping pong balls up the ramp, the ramp doesn't collapse.</p> <p>To play, players must roll ping pong balls over the ramp and try to get it to land in the bucket at the other side of the table. If you don't have a table that will be long enough for this, you could also set the game up on the ground.</p> <p>First player to land three ping pong balls in the bucket wins. If you're playing with multiple players at once, use different color ping pong balls to keep track of whose ping pong ball is whose.</p>
<p>Snow Board</p>	<p>Snow Balls, graham cracker sticks and white frosting,</p>	<p>Give each player a wool laundry ball and a cutting board. Place a bucket, trash can, or other container of some sort at the opposite end of the room. Players must bounce the snowball on their cutting board from one side of the room to the other and get it to drop in the bucket.</p> <p>If they drop it on their way to the other side of the room, they have to pick it up and go back to the starting line. If they stop bouncing the snowball and just let it sit on their cutting board, same thing – go back to start.</p> <p>First player to successfully get the snowball from one side of the room and into the bucket on the other side by bouncing it on their cutting board wins.</p>
