

Life Potion

Bringeth to a full rousing bubble, then add two drops oil of boil and a dead man's toe. Next add a dab of newt saliva, dash of pox. Stir thrice. One final thing and all is done. Add a piece of thine own tounge. Administer one drop to victim and stand back. When victim's life force shows, inhale the glowing aura. When the aura is extinguished, the victim is dead, and you shall be young again.
